Wisconsin Society for Parenteral and Enteral Nutrition's Twenty-Eighth Annual Fall Symposium

September 16, 2010

Madison Marriott West
1313 John Q Hammons Drive
Middleton, WI 53562

*Wisconsin Society for Parenteral and
Enteral Nutrition*

Wi.S.P.E.N is an independent chapter of the
American Society for Parenteral and Enteral
Nutrition

Audience

Wi.S.P.E.N. is pleased to host its 28th Annual Symposium to a multidisciplinary audience of dietitians, pharmacists, physicians and nurses.

Objectives

The Wisconsin Society for Parenteral and Enteral Nutrition's 28th Annual Fall Symposium will discuss the most recent research in the field of nutrition support. By the end of this symposium, participants will be able to:

- Define nutrition screening, assessment and diagnosis and describe how validated malnutrition screening tools might impact clinical nutrition practice;
- Describe new research findings in nutrition therapy and how to initiate practice change to implement new research findings in nutrition;
- Describe the derivation of clinical guidelines, resolve controversial issues within guidelines and learn to apply guidelines to clinical practice;
- List the goals of wound management, identify correctable factors that impact healing and select evidence-based nutrition interventions to facilitate wound healing.

The opportunity to interact with the experts is offered as part of the break-out sessions in the afternoon.
